

PROCESSING & PACKAGING -THE HIGH-TECH ITALIAN WAY will be exhibiting at the International Trade Fair for Processing & Packaging, "Djazagro" 2019 trade show, that will be held at Safex Exhibition Park Algiers from February 25th - the 28th 2019.

Last edition of DJAZAGRO, the Trade Fair for Agri-Food production, was a crossroads for exchange and meetings between the suppliers of machines, equipment and solutions on the one hand and Algerian manufacturers and investors on the other.

The food sector remains a priority for the development of Algerian production. This cannot happen without the support of international companies, their expertise and their products.

PROCESSING & PACKAGING -THE HIGH-TECH ITALIAN WAY is a network of industry-leading companies in processing and packaging which enables the market the expertise, effectiveness and exhaustiveness of a one-stop-shop service.

The Italian companies joining the network stand out for their expertise and innovative projects; they are present on various markets to provide all the clients with comprehensive technological solutions and optimize their business.

A complementary network shaped by companies representing the Italian excellence in processing and packaging, able to compete in the global market with all international big players.

Processing & Packaging -The High-Tech Italian Way- gives clients the chance to benefit from top technological solutions by industry-leading companies and the possibility to refer to a unique partner for all manufacturing needs, with a comprehensive range of integrated solutions and unmatched made-in-Italy technology.
